## PROFESSIONAL SUMMARY

UI/UX Designer and Front-End Developer with over two years of experience designing interfaces in Figma and building them in React, Tailwind CSS and JavaScript. Founder of Kafeeli, an Arabic sponsorship platform for orphans, where I lead product design and front-end development. Co-mentor to 40 trainees in TAQAT's CodeMap front-end program. Experienced with responsive design and Arabic RTL interfaces. Final-year Software Development student, open to remote roles and freelance projects.

## EDUCATION

**The Islamic University of Gaza** — Gaza, Palestine
Bachelor's Degree, Software Development — 2022 – 2027

## PROFESSIONAL EXPERIENCE

**Co-Mentor — TAQAT (CodeMap Front-End Program)** — Sep 2026 – Present
- Support 40 trainees through weekly tasks, code reviews and one-on-one follow-up.
- Helped participants ship a first working product within the training period.

**Founder · UI/UX Designer & Front-End Developer — Kafeeli** — May 2026 – Present
- Founded a platform that connects sponsors with orphans and lets them follow every sponsorship and payment transparently.
- Designed the full user flow in Figma, from sponsor sign-up to payment tracking (80 screens).
- Building the front-end in React and Tailwind CSS with full Arabic RTL support.
- Presented the working system to the judging panel at CodeMap Innovation Hackathon 2026.

**UI/UX & Front-End Development Intern — TAQAT** — Apr 2026 – Jun 2026
- Designed and prototyped interfaces in Figma, then built them in React.
- Built responsive layouts that work across mobile, tablet and desktop, working alongside developers.

**Front-End Intern — Shifra** — 2025
- Built and improved front-end pages using HTML, CSS and JavaScript as part of a development team.

**Front-End Developer — Ocean** — 2024
- Turned the company's UI/UX design file into a responsive 8-page website using HTML, CSS, Bootstrap and JavaScript, tested across browsers.

## PROJECTS

**Kafeeli — Orphan Sponsorship Platform** — 2026
- Arabic RTL marketing site and sponsor dashboard (profile, settings, payment tracking). React, Tailwind CSS. Live: kafeeli-frontend.vercel.app

**Ramadan Challenge** — 2026
- 30-day Arabic challenge app with daily challenges, points, levels and streaks. HTML, CSS, JavaScript. Live: ameer-saqer.github.io/Ramadan-Challenge

**AutoVerse — Car Rental Website** — 2025
- Responsive landing page with services, fleet gallery, reviews and map. HTML, CSS, Bootstrap, JavaScript. Live: ameer-saqer.github.io/AutoVerse
